Quail Creek Bank Online Banking User Interface

SUPPORTED BROWSER POLICY

Quail Creek Bank supports the desktop browsers listed in the table below and is committed to ensuring these browsers successfully meet functional and all minimum design requirements.

Browsers that are not mentioned in the table are considered unsupported. While these browsers may be used by end users, they are not certified by Quail Creek Bank for use or tested. The end user may experience features that do not function properly when utilizing an unsupported browser.

Beta versions of browsers are not recommended for use.

QUAIL CREEK BANK	ONLINE BANKING	DESKTOP VERSION
SUPPORTED BROWSERS
Google Chrome 91 and newer
MS Edge 91 and newer
Apple Safari 14 and newer
Mozilla Firefox 89 and newer

IMPORTANT NOTES
Transport Layer Security (TLS) and Encryption – Must support TLS 1.2 with strong ciphers or TLS 1.3 and 128-bit encryption (preferably 256-bit encryption).
JavaScript – Must be enabled for Quail Creek Bank Online Banking to function properly. Certain functionality will be unavailable without JavaScript enabled.
Cookies – Must be set to allow 3rd party cookies for the Quail Creek Bank Online Banking interface to properly function.
Screen Resolution – A minimum screen resolution of 1024 by 768 pixels is suggested to view the site correctly.
Pop-Up Windows – Must be allowed in the browser for full Quail Creek Bank Online Banking functionality, including session time out notifications.
Bill Payment providers – Browser requirements for single sign-on bill payment pages may vary from the above list.
